Specially Designed Instruction (SDI) Facilitator

At Earlywood Educational Services it is our goal to hold high expectations for students and ourselves, to engage in practices driven by evidence and to make decisions based on data, to provide leadership through professional development and communications, and to collaborate with and be responsive to the needs of our member districts. The role of the SDI Facilitator will be to support these goals while specifically focusing on the areas of

- Support to teachers: including individual and group training, classroom observation, consultation and collaboration for the area of behavior and academics
- Goalbook Tool: training and implementation
- Universal Design for Learning: research and training
- Assistive Technology, Augmentative and Alternative Communication: research and training
- Lending Library: coordination and management
- Public Relations and communication: write bimonthly articles for Earlywood Special Edition and manage Earlywood website, utilize social media to reach educators and families to improve practice and increase awareness of evidence based resources

Salary and benefits are competitive with the surrounding area and commensurate with experience. 184 day contract.

Certification: Valid teaching license from the State of Indiana. Masters Degree preferred.

Qualifications: Experience working with the psychosocial, behavioral, and educational aspects of students with special needs. Experience creating and providing dynamic professional development to large groups, using multiple modes of presentation styles. Experience with assistive technology, UDL and SDI. Minimum five years experience in education.

Interested candidates should submit a completed [application](#), resume/vitae and a letter of interest to Dr. Angela Balsley, abalsley@earlywood.org
