

School Psychologist Position Announcement

[Earlywood Educational Services](http://www.earlywood.org) is pleased to announce an opening on our fantastic team of School Psychologists beginning in August, 2018. Earlywood is a special education cooperative serving six school districts just south of Indianapolis. The psychologist for this position will be working full-time in Greenwood Community Schools between two buildings.

The psychologist will work closely with Greenwood administration and teachers to monitor data and provide early intervention as well as conduct multi-disciplinary team assessments and consider eligibility for special education. The schools have a strong commitment to continual enhancement and improvement of instructional and behavioral support practices and they value the expertise of the school psychologist in this endeavor.

The Earlywood team of psychologists has been engaging in visionary work with MTSS to continue our solid practice addressing students' academic needs while also making improvements to serve students' behavioral and mental health needs as well. We're developing a comprehensive system that will provide for a systematic implementation of evidence-based practice and data analysis around BOTH the academic and behavioral support needs of our students.

We have a fabulous team of school psychologists and support progressive practices in the field through:

- Utilization of Q-Interactive & other web & cloud-based assessments & scoring practices
- Access to a wide variety of assessment tools
- Frequent Professional Learning Communities with the other psychologists
- Detailed procedures manual with accompanying forms and documents
- Technology: Laptop, iPads, apps & software
- Interventionists to assist in providing direct student skill development

Salary & benefits are competitive with the surrounding area & commensurate with experience. The contract is for 184 days and begins in August, 2018.
