ARTICLE I: Salary and Wage Provisions: Compensation Plan

A. Salary Range

At the beginning of the 2022-23 school year, the salaries of returning full-time teachers were between \$46,500 and \$80,500, not including current year increases or TRF contributions. No full-time classroom teacher is earning less than \$40,000. The average salary of all returning full-time teachers= \$63,500.

Under the compensation plan, eligible teachers will each get a salary increase ranging from \$1,000 to \$2,500. Compensation increases are attributed to both an increase in the 22-23 salary schedule and movement on the schedule based on the eligibility and factors described below. The amounts in the 2022-23 Salary Schedule in Appendix A are different than 2021-22 because the 2022-23 Salary Schedule was increased to raise the salary schedule by \$500 on the bachelor's column and \$1,000 on the master's column.

After the increases are awarded through the compensation plan, the salary range of all returning full-time teachers will be \$49,000-\$81,800, in compliance with I.C.20-28-9-26. The average salary of returning full-time teachers will be \$65,400.

B. Reduction of Gap

It is acknowledged that a salary increase differential will exist with our 2022-23 compensation plan. The differential is to reduce the gap between the minimum and average salaries for full-time returning teachers in order to retain teachers.

Not including current year increases, the difference between the minimum and average salaries of full-time returning teachers is \$17,000.

After increases are awarded through the compensation plan, the difference between the minimum and average salaries of full-time returning teachers is \$16,400.

Our compensation plan reduces the gap between minimum and average salaries by \$600.

C. Base Salary Increases

1. General Eligibility

Teachers who received an evaluation rating of improvement necessary or ineffective in the previous year shall not receive any increase in salary and shall remain at their prior year salary.

For teachers who received an evaluation rating of effective or highly effective in the previous year and are returning employees, the following factors will be utilized to determine eligibility for salary increases. Teachers who satisfy both factors will advance on the salary schedule as described below.

2. Factors To Receive Salary Increase

a. Evaluation Rating: This factor is met by teachers who earned an evaluation rating of effective or highly effective for the previous school year.

b. Academic Need: The salary increase for academic need is to ensure educational continuity for students by retaining effective and highly effective teachers by reducing the gap between the minimum and average salary for full-time returning teachers. This factor applies to all teachers.

3. Base Increase Distribution: Advancing on the Salary Schedule (attached as Appendix A)

Salary increases for teachers who are eligible, based on the above factors, will be distributed as defined below. 100% of the increases will be applied to the teachers' base salary.

a. Bachelors Column

Teachers in the bachelor’s column, but who do not possess a content area master’s degree, are eligible to receive an increase in compensation, based on the factors described, will advance one row in the bachelor’s column on the salary schedule.

Row	Differentiated Increase	22-23 Salary Schedule Increase	Total Salary Increase
0-5	\$1,500	\$500	=\$2,000
6-10	\$1,200	\$500	=\$1,700
11-18	\$1,000	\$500	=\$1,500
19-30	\$800	\$500	=\$1,300

b. Masters Column

Teachers in the master’s column who are eligible to receive an increase in compensation, based on the factors described, will advance one row in the master’s column on the salary schedule.

Row	Differentiated Increase	22-23 Salary Schedule Increase	Total Salary Increase
0-10	\$1,500	\$1,000	=\$2,500
11-15	\$1,200	\$1,000	=\$2,200
16-20	\$1,000	\$1,000	=\$2,000
21-30	\$800	\$1,000	=\$1,800

c. Moving from Bachelors to Masters Column

Teachers in the bachelor’s column who satisfy the evaluation rating and is in the first year of possessing a content area master’s degree completed since the last ratified contract, will advance to the master’s column and will advance one row on the master’s column.

Teachers who are eligible to receive an increase based on the factors described but are already at the top of either the bachelors or masters column on the salary schedule will receive a base increase of \$1,000.

D. Redistribution

Based on evaluation results, the parties believe that all funds will be distributed and that no redistribution will be necessary. However, in the event that there are funds that were otherwise allocated for teachers rated needs improvement or ineffective, those funds will be equally distributed to all teachers rated effective or highly effective. The redistribution will be paid as a stipend in the last payroll of the school year.

E. Pay Schedule

The basic salary for teachers shall be paid in twenty-six (26) equal payments.

F. New Hire Salary Placement

Newly hired certified teachers will be placed on the Salary Schedule (Appendix A) in the column and row that corresponds to the teacher’s education and experience. The Executive Director has the authority to pay a newly-hired teacher a one-time stipend of up to \$3,000 in addition to the new hire’s salary. The stipend would be paid to the new hire at the completion of the contract year and if the employee is rated effective or highly effective. The Executive Director will consult with the Association President prior to making any other variations in the salary determination of a new hire.

1. Annual Allotment: A teacher shall be entitled to an Annual Allotment of thirteen (13) paid Annual Leave days each contract year ("Annual Allotment"). Part-time teachers will receive Annual Leave days on a prorated basis which shall be calculated by dividing the amount of time worked by the part-time teacher by the time worked by a teacher on a full-time contract to determine the part time teacher's annual leave entitlement.
2. The above Annual Leave days shall be subject to the following parameters:
 - a. Annual Leave may only be used for personal illness, family illness (as defined by the Family and Medical Leave Act of 1993), or to conduct personal or civic affairs that cannot be scheduled outside of the school day.
 - b. If a teacher leaves school before working 3 1/2 hours, he/she will be docked 1 leave day. If the teacher leaves school after working 3 1/2 hours, he/she will be docked 1/2 leave day.
 - c. Prior to taking a leave day, the teacher shall report his/her absence to the appropriate parties.
 - d. If a teacher uses more than three consecutive Annual Leave days, the teacher will be required to submit a physician's order permitting the teacher to return to work.
 - e. It is not the intent of Annual Leave to extend school vacation periods or holidays. However, it is understood that exceptions may be considered by the Executive Director on a case-by-case basis. These exceptions will be requested at least two business days prior to the leave date except in cases of emergency. In such emergency situations the teacher will notify the Executive Director or Designee and will follow-up with a written request to the Executive Director.
 - f. Annual Leave granted but unused by the end of the school year shall accumulate as "accumulated sick leave days" up to a maximum of ninety (90) days.
 - g. Each teacher must exhaust all but one day of Annual Leave before using any of that teacher's accumulated sick leave. One day may be saved for non-sickness leave. Accumulated sick leave may be used only for personal illness or illness in the employee's family. Family shall be defined by the Family and Medical Leave Act of 1993.
3. Summer School: The leave days referred to hereinabove shall accrue only to teachers on a regular teaching contract. Teachers employed during the summer months shall not receive paid leave days.
4. Transfer of Days: A teacher shall be entitled to transfer accumulated sick leave gained in previous teaching positions from any school corporation. 5. Sick Leave Bank:
 - a. A sick leave bank, for serious illness or accident involving the employee or certain family members as defined by the Family Medical Leave Act (FMLA), shall be established for all members of the bargaining unit who voluntarily contribute one (1) day of their annual leave days to the bank. All accumulated leave days must be used and an additional five days without pay is required prior to the teacher requesting additional sick leave days from the bank.
 - b. At the beginning of each new school year the borrowing teacher will pay back at least five (5) days to the bank until the borrowing teacher has paid back 75% of the borrowed time.

C. Annual Leave Buyback

The Board will buy unused Annual Leave Allotment days at the end of each school year at \$75 per day for teachers with an Unused Annual Leave Accumulation of ninety (90) days or more. A letter will be sent to members outlining the number of days being bought back. The money shall be deposited into the teacher's Health Savings Account (HSA) through the South Central Indiana School Trust by July 15th of each year. If the

teacher does not participate in a HSA through the South Central Indiana School Trust, the funds will be deposited in the teacher's retirement plan by July 15th of each year.

D. Adoptive Leave

Within the contract year, a teacher may use up to thirty (30) days of paid leave for the adoption of a child/ren. This leave may be a combination of annual leave and accumulated sick leave.

E. Personal Injury Leave

Teachers scheduled to work, but unable to perform the functions of assigned duties because of medical restrictions imposed by a physician as the result of an injury while carrying out the functions of assigned duties with Earlywood Educational Services will be compensated at the teacher's daily rate for up to five consecutive working days following the injury. These days off will not be charged against sick leave. Following the first five working days of a teacher's absence, due to a work related injury, the teacher may elect to use their annual leave to make-up any loss of income to which they would have normally been entitled. This is considered to be the difference between Worker's Compensation payments and the teacher's contractual per diem pay.

The Board may require an independent medical or psychological examination at the Board's expense, if there is a question as to the condition of the teacher at any time. A teacher must comply with the Worker's Compensation reporting provisions in order to receive the benefits enumerated under it.

F. Paid Professional Leave

A teacher may apply to the Executive Director to attend educational meetings or conventions or to visit other schools, not to exceed three (3) school days in a school year. However, the Executive Director may at his/her discretion grant additional days during a school year.

In the event that the teacher is asked to attend a professional meeting by the Administration, a stipend will be awarded to the employee to cover all approved expenses. These Administrative requests would not be counted as part of the three school days allowable to each teacher under this Professional Leave.

The Professional Leave form should be submitted to the Executive Director at least one week prior to the registration deadline date of the meeting in order to determine appropriate stipend amount.

G. Paid Bereavement Leave

Bereavement Leave shall be granted to the teacher for death in the immediate family, which shall include husband, wife, mother, mother-in-law, father, father-in-law, brother, sister, son, daughter, grandparents, grandchildren, or any person residing in the household of the teacher, for a period extending not more than five (5) school days beyond such death. Two (2) of the five (5) days may be taken at a later time, provided the days are taken within one (1) year of the death.

Professional staff may be required to provide information, or testify at legal proceedings including special education due process hearings, resolution meetings, mediations, deposition meetings, appearances mandated by subpoena, administrative hearings, or formal witness preparations that are facilitated by an

attorney.

If such proceedings occur during the school year, the teacher shall be released from his/her assignment to respond to the legal matters related to his/her work. If such proceedings occur outside of the contracted work day/year, the teacher shall be compensated at his/her current salary rate for the hours or days s/he are required to attend such proceedings. Attendance at case conference outside the normal work day/year will continue to qualify for compensation time as outlined in Board policy.

If the teacher is compensated for his/her contribution to such proceedings by order of the court or by officers of the court, the Board shall pay the teacher the full wages for the day and the teacher will remit the amount s/he is paid for serving to the Board. If the legal proceeding is not related to their assigned duties, and occurs during the contracted work period, the teacher may request Annual Leave to attend the legal proceeding.
