SERIES 900: MISCELLANEOUS

900.1 Moment of Silence

Date of Draft Version: 9.25.14
Date Reviewed by Discussion Team: 10.7.14
Date Finalized for Website: 10.30.14

Students will be given a daily opportunity to participate in a moment of silence. Participation in this ceremony will be voluntary. No student will be required to exhibit any active behavior that would not be required at that specific time if a moment of silence were not taking place (e.g. standing). However, a student may be required to remain silent so that other students may participate in the activity without disruption.

No student will be required to provide a reason for non-participation; nor will a teacher, administrator, or other staff member bring attention to or ostracize a student who exercises the right to participate.
